**Supplemental
DETAILED ACTION**

1. Claims 1-8, 10-26, 28-44, and 46-54 are allowed. These claims have been renumbered as claims 1-51.
2. Claims 9, 27, and 45 have been cancelled.

Drawings

3. The drawings filed on January 28, 2004 are accepted by the Examiner.

REASONS FOR ALLOWANCE

4. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including "establishing a first file system for the first non-global partition, wherein the first file system cannot be accessed by processes running in any non-global partition other than the first non-global partition, wherein the first file system comprises at least one virtual directory, which has associated therewith a reference to another particular file system directory, and wherein the virtual directory comprises no actual files or

directories" as recited in independent claim 1 and similarly recited in independent claims 19 and 37.

Non-global is interpreted as having four states: (1) configured, (2) installed, (3) ready, and (4) running (page 10, paragraphs [0029] - [0033] of the Specification).

The remaining claims are dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
